

Mohammad Moneef Ashmar “Abed El Aziz”
25 May 1972—16 January 1998

Dear brother:

Keep going on the real Islamic path drawn by Prophet Mohammad, for God’s punishment is inescapable if we don’t follow this path. You should provide our dear parents with the complete aid and the support to our dear father. As I know—and as God wills—you are stepping to marriage, my gracious brother. If you succeed in this, you and your wife should seek human perfection because the man is always thirsty for perfection. The devotions and the strife against one’s soul make the spirit a mirror of God’s traits, and remember that your responsibility will be bigger so you should strengthen your faith and spirituality in order to be steadfast against any convulsion.

My little brothers:

You are supposed to continue your Jihad journey that is represented by seeking education in its two sides (science and religion) and that enables Islam to have educated human potential with a fixed background Islamic ideology, so you should pursue the deep knowledge in order to help Islam in various intellectual and cultural domains. God has said in his great book:

“And when ye are told to rise up, rise up, God will raise up to suitable ranks and degree those of you who believe and who have been granted Knowledge. And God is well-acquainted with all ye do.” (Surah 58: 11, Al Mujadilah, ‘the woman who pleads’)

And as the Prophet says (PBUH):

“Angels lay their wings under who walks seeking education.”

I replicate my apology, and I’m in need for your pure prayer. Peace is upon you and God bless you.

My commandment to my fellows and comrades in the Resistance:

God the Almighty had ordered us to prepare ourselves and get ready to face our enemy, the enemies of Prophet Mohammad’s nation and in all different fields because the danger is increasing on Islam day after day, and hour after hour. The western colonialism and the haughty nations wanted to plunder god’s blessing to our land, and to decide for us to live in poverty, humiliation and submission, so they can control us easily. Our dear Islam came to refuse all this and to face them with the utmost power because God the Most Gracious won’t

let us live humiliated and ruled by the enemies of Islam, which he has said in Surah 63 (Al Mounafikon) the Hypocrites, Verse: 8.¹ This colonialism has always been working on changing our ideology and traditions, and on subduing us to its traditions and silly culture.

Here I want to point out that we are not only facing colonialism and the haughty nations, their stimulator is more dangerous and devious which is the cursed Satan, which doesn't only not let anyone live in peace but also wants us to follow his path. Therefore fighting it will be very hard, and the preparation for this fight is much harder because this is related to our characters and its desires, what makes the heart more attached to this life, and one time after another this man becomes a captive of his desires and the only leader will be the Satan (God Forbid!). So one thing we should do is to control ourselves and disobey its mundane demands.

Dear brothers and patient strugglers, you should strengthen your will on defending Islam, as I commend you to preserve the Islamic Resistance that facilitated our works and made us proud. So at least, to reciprocate: I wish you would protect it because it is the deposit of the Lord. Always seek to improve your skills in different fields, in particular the Jihadists, you should improve yourselves and get prepared more and more.
